When Rehab Gets Stuck: Psychological Skills for Therapists

Friday 12th June 2026, 9:00am to 4.30pm

This one day course explores how therapists can support patients who face challenges progressing through rehabilitation.

OVERVIEW:

This session uses ideas from psychologically informed practice to help build stronger patient engagement, understand what gets in the way of change, use simple practical tools, and look after our own emotional wellbeing.

It is designed for Occupational Therapists and Physiotherapists working with people living with long-term conditions across MSK outpatients, rheumatology, chronic pain, chronic fatigue, hand therapy, pelvic health and paediatrics.

COST

£175 (£150 early bird fee ending 12th April 2026)

Includes lunch and refreshments
